

DAY 1, FRIDAY, 30th NOVEMBER 2018

TIME	HALL - C
8.00 – 8.30	Meet the Professor: Dr S K Jindal – "Spectrum of ILD in India"CF
8:30 - 9:30 (60 mins)	<p style="text-align: center;">Debate (30 min)</p> <p><i>Chairpersons : Sudhir Chaudhri, M Nagarjun, Anand Kumar, A D Shukla</i></p> <p>E-cigarettes a smoking cessation tool or a gateway to nicotine addiction in young people</p> <p>Smoking cessation tool. P Venugopal (13+2 min)</p> <p>Gateway to nicotine addiction. Balakrishnan Menon (13+2 min)</p> <p style="text-align: center;">Debate (30 min)</p> <p><i>Chairpersons : Ravindra Mehta, Amir Khoja, Manoj Goel, Sahajal Dhooria</i></p> <p>Interventional pulmonology is the future of pulmonary medicine</p> <p style="text-align: center;">Yes . R Srinivas (13+2 min)</p> <p style="text-align: center;">No . A G Ghoshal (13+2 min)</p>
9:30 - 10:40 (70 min)	Symposium on Interventional Pulmonology - I (65 min)
	<p><i>Chairpersons : Atul Mehta, R Srinivas, Ritesh Agrawal, Varun Patel</i></p> <p>Tracheo- bronchial stenting in malignant and non-malignant lesions of lung. Ravindra Mehta (13+2 min)</p> <p>Feasibility and safety of pleuroscopic & bronchoscopic cryo- biopsy. Amit Dhamija (13+2 min)</p> <p>Indwelling pleural catheters and IPC-Plus. Mohammed Munavvar (18+2 min)</p> <p>My unforgettable interventions. Amir Khoja (13+2 min)</p>
10:40 - 12:00 (80 min)	Symposium on COPD – I (Sponsored by Astra Zeneca)
	<p><i>Chairpersons : VK Vijayan, P Ravindran, Hari Shankar Sharma, Neetu Jain</i></p> <p>Cardiovascular drugs in COPD patients with or without concomitant cardiac disease and respiratory drugs in patients with concomitant COPD & IHD. S K Jindal (13+2 min)</p> <p>Withdrawal of overprescribed inhaled corticosteroids in patients of COPD in clinical practice. Suresh Koolwal (13+2 min)</p> <p>Pharmacological strategies to reduce exacerbations in COPD. Mohammed Sabir (13+2 min)</p> <p>One minute sit-to-stand test as alternative to 6MWT in COPD patients. S K Agarwal (13+2 min)</p> <p>Novel approaches for effective inhalational delivery : Co-suspension technology. Sarvajna Dwivedi (13+2 min)</p>
13.00 – 15.00	FLEXI – LUNCH
13:00 - 15:00 (120 min)	Symposium : Foreign Faculty - I (80 min)
	<p><i>Chairpersons : Vijayalakshmi T, K C Agarwal, I S Gilada, Amit Agarwal</i></p> <p>Fluid therapy in Sepsis: State-of-the-art. Bhavin Dalal (18+2 min)</p> <p>Biologics in the management of Severe Asthma. Vivek Iyer (18+2 min)</p>
	Panel discussion (40 min)
	<p>E- cigarettes and other new alternatives – concerns and a new war front to be fought</p> <p>Moderator : Sudhir Chaudhri</p> <p>Panelists : A D Shukla, M Nagarjun, Anand Kumar, Tariq Mahmood, P P Bose, Anand Patel</p>

<p>16:00 - 18:30 (150 min)</p>	<p style="text-align: center;">Symposium on Mycotic Infections of the Lung (75 min)</p> <p><i>Chairpersons : Sanjeev Sinha, Mradul Daga, Balakrishnan Menon , Gayathri Devi H J</i></p> <p>Non-culture diagnostics in fungal diseases. Inderpaul Singh Sehgal (13+2 min)</p> <p>Empirical anti-fungal therapy and its role in prevention of fungal infections in critically ill patients. Manoj K Panigrahi (13+2 min)</p> <p>Fungal infections in immunocompromised patients. I S Gilada (13+2 min)</p> <p>Allergic broncho-pulmonary aspergillosis (ABPA). Ritesh Agarwal (13+2 min)</p> <p>Uncommon clinico-radiological presentations of ABPA. Sudhir Kumar (13+2 min)</p>
	<p style="text-align: center;">Symposium on Occupational Lung Diseases (75 min)</p> <p><i>Chairpersons : Micheal Kreuter , Mohammed Sabir, B V Murali Mohan, Shubhra Jain</i></p> <p>Overview of silicosis with reference to Western part of Rajasthan. K C Agarwal (13+2 min)</p> <p>Occupational exposure to pesticides and fixed airflow obstruction. U C Ojha (13+2 min)</p> <p>Lung cancer and mesothelioma due to occupational and para-occupational asbestos exposure. Malay Sarkar (13+2 min)</p> <p>Silicosis in artificial stone and marble workers. Manak Gujrani (13+2 min)</p> <p>Biomass fuel smoke exposure and bronchial anthraco-fibrosis. Ashok Shah (13+2 min)</p>
<p>18.30 – 19.30</p>	<p style="text-align: center;">NCCP (India) Annual General Body Meeting</p>

DAY 2, SATURDAY, 1st DECEMBER 2018

TIME	HALL - C
8.00 – 8.30	Meet the Professor: Dr H Paramesh – “Airway Diseases in Children”
8:30 - 9:30 (60 mins)	<p style="text-align: center;">Practice Changing Research in Pulmonary Infections</p> <p><i>Chairpersons : George D’Souza, Anil Jain, Chitra Iravatham, Rakesh Bhargava</i></p> <p>Duration of antibiotic treatment in community-acquired pneumonia: a multicenter randomized clinical trial. Naveed Shah (8+2 min)</p> <p>The drift in molecular testing for influenza: mutations affecting assay performance. Subhasis Mukherjee (8+2 min)</p> <p>Triple therapy reduced mortality more than oseltamivir alone in patients admitted for severe influenza infection. Amina Mobashir (8+2 min)</p> <p>Vaccines for preventing influenza in the elderly. Trinath Dash (8+2 min)</p> <p>The FREE study. Treatment compliance in cystic fibrosis patients with chronic Pseudomonas aeruginosa infection treated with tobramycin inhalation powder. Abhijeet Khandelwal (8+2 min)</p>
9:30 - 10:40 (70 min)	<p style="text-align: center;">Symposium on ILD - II</p> <p><i>Chairpersons : P Sukumaran, A G K Gokhale, Prashant Chhajed, Sandeep Katiyar</i></p> <p>Hypersensitivity pneumonitis – commonest ILD in India. Virendra Singh (13+2 min)</p> <p>CTD-ILD – Diagnosis & Management. Bornali Datta (13+2 min)</p> <p>Viruses and pulmonary fibrosis. Bharat Bhushan Sharma (13+2 min)</p> <p>Biomarkers for diagnosis and management of ILD. C Ravindran (13+2 min)</p> <p>Role of atmospheric pollution on the natural history of ILD. Girija Nair (13+2 min)</p>
10:40 - 12:00 (80 min)	<p style="text-align: center;">Symposium on Thoracic Imaging – II</p> <p><i>Chairpersons : Salil Bendre, Girija Nair, R P Meena, Naveed Shah</i></p> <p>Pulmonary ground-glass opacity (GGO): An emerging radiological entity. Babu Rao (13+2 min)</p> <p>PET/CT in non-malignant lung diseases: current status and future perspectives. Nilendu Purandare (13+2 min)</p> <p>Thoracic ultrasound-clinical applications. Prince James (13+2 min)</p> <p>Echocardiography in respiratory medicine Tarun Madan (13+2 min)</p> <p>Bedside ultrasound in critically ill patients. Priya Ramchandran (13+2 min)</p>
13.00 – 15.00	FLEXI - LUNCH
13:00 - 15:00 (120 min)	<p style="text-align: center;">Debate (30min)</p> <p><i>Chairpersons : Mohan Kumar Thekinkattil, Prashant Saxena, Vishwanath Gella, Trinath Dash</i></p> <p>Protocolized vs non-protocolized weaning in mechanically ventilated patients.</p> <p style="padding-left: 40px;">Protocolized weaning useful. Rajesh Chawla (13+2 min)</p> <p style="padding-left: 40px;">Non- Protocolized weaning useful. Samir Sahu (13+2 min)</p> <p style="text-align: center;">Debate (30 min)</p> <p><i>Chairpersons : C Ravindran, Anil Sontakke, Rajesh Chawla, Ruchi Dua</i></p> <p>Intensive respiratory care units managed by pulmonologists - need of the day</p> <p style="padding-left: 40px;">Yes. Parthiv Mehta (13+2 min)</p> <p style="padding-left: 40px;">No. Pratibha Dileep (13+2 min)</p>

	<p style="text-align: center;">Symposium on Regenerative therapy in Pulmonary Medicine (60 min)</p> <p><i>Chairpersons : Nurdan Kokturk, Narayan Mishra, S Raju, Harendra Thakker</i></p> <p>Lung regeneration therapy in chronic obstructive pulmonary disease. Irfan Ismail Ayub (13+2 min)</p> <p>Stem cell therapy in idiopathic pulmonary fibrosis. R Pajanivel (13+2 min)</p> <p>Mesenchymal stem cell therapy offers promise to treatment of acute respiratory distress syndrome and sepsis Tiyas Sen (13+2 min)</p> <p>Adverse effects of stem cell therapy in respiratory diseases. P S Shahjahan (13+2 min)</p>
16:00 - 18:30 (150 min)	<p style="text-align: center;">Panel discussion (55 min)</p> <p>All about Nebulization Therapy</p> <p>Moderator : Narayan Mishra</p> <p>Panelists : P Sukumaran, Jyoti Pattnaik, Harendra Thakker, Anil Jain, H J Singh, S Raju, Jitendra Kotadiya</p>
	<p style="text-align: center;">Symposium on Paediatric Pulmonology (95 min)</p> <p><i>Chairpersons : Vishal Chopra, Ramesh Bharate, Sanjeev Nair, Amit Patel</i></p> <p>Paediatric tuberculosis: present & future. Sangeeta Sharma (13+2 min)</p> <p>Wheeze under 5 years children: global perception in current concept. H Paramesh (13+2 min)</p> <p>Reactive Airway Disease (RAD) in children. K Nagaraju (13+2 min)</p> <p>NIV in critically ill children . Nisha Bhatta (18+2 min)</p> <p>Foreign body removal in paediatric population. Bala Raju Tadikonda (13+2 min)</p> <p>Child (ILD in Children). Deepali Kamdar (13+2 min)</p>
18.30 – 19.30	ICS Annual General Body Meeting

DAY 3, SUNDAY , 2nd DECEMBER 2018

TIME	HALL - C
8:30 – 9:30 (60 min)	<p style="text-align: center;">Practice Changing Research in Interventional Pulmonology</p> <p><i>Chairpersons : R Narasimhan, Ujjwal Parakh, Ashish Tandon, Piyush Arora</i></p> <p>PAS2 Study (2017). Long-term outcomes of bronchial thermoplasty in subjects with severe asthma: a comparison of 3-year follow-up results from two prospective multicentre studies Karan Madan (8+2 min)</p> <p>LIBERATE Study (2018). A Multicenter RCT of Zephyr® Endobronchial Valve treatment in heterogeneous emphysema Venugopal J (8+2 min)</p> <p>Single use and conventional bronchoscopes for Broncho alveolar lavage (BAL) in research: a comparative study. Nishtha Singh (8+2 min)</p> <p>Fiducial marker placement for stereotactic body radiation therapy via convex probe EBUS :a case series and review of literature and role of radial probe EBUS in diagnosis of peripheral pulmonary nodules . Verottam Tomar (8+2 min)</p> <p>Management of intrapleural sepsis with once daily use of tissue plasminogen activator and deoxyribonuclease. Reshmi Nair (8+2 min)</p>
9:30 – 11:30 (120 min)	<p style="text-align: center;">Symposium on COPD – III (75 min)</p> <p><i>Chairpersons : R M Sundrani, Akhilesh K, Mohammed Shameem, Lalita Fernandes</i></p> <p>Long-term oxygen treatment for COPD: new evidences. Dipti Gothi (13+2 min)</p> <p>Antipsychotic agents and risk of acute respiratory failure in COPD patients. Rajesh Venkat (13+2 min)</p> <p>Non-invasive ventilation in COPD. Pratibha Singhal (13+2 min)</p> <p>Adult Vaccination in Chronic Respiratory Diseases. S N Gaur (13+2min)</p> <p>When to refer a patient of COPD for Lung transplantation. R M P L Ramanathan (13+2 min)</p> <p style="text-align: center;">Symposium on Pulmonary Infections (75 min)</p> <p><i>Chairpersons : Richa Gupta, Karn Mehra., Sanjay Kocchar, Ritabrata Mitra</i></p> <p>Procalcitonin guided antibiotic therapy in respiratory tract infections. Vivek Nangia (13+2 min)</p> <p>The next generation rapid testing identification tools for ventilator-associated pneumonia in critically ill. Bhavini Shah (13+2 min)</p> <p>Non-resolving pneumonia. R Vijai Kumar (13+2 min)</p> <p>MDR pathogens in Indian ICU's. M L Gupta (13+2 min)</p> <p>Superadded bacterial infections in influenza. G N Srivastava (13+2 min)</p>
11:30 – 13:00 (90 min)	<p style="text-align: center;">Symposium on Miscellaneous Disorders – III</p> <p><i>Chairpersons : Anil K Singh, K P Suraj, Anurag Agarwal, Ashok K Singh</i></p> <p>Healthy Aging – The Key to Wellness and Better Performance. Raul Seballos (18+2 min)</p> <p>In-vitro testing and recent advances in diagnosis of allergic disorders. Pravin Hissaria (18+2 min)</p> <p>Genomics in airway diseases. Angira Dasgupta (13+2min)</p> <p>How to prevent medico-legal issues in respiratory medicine. Parvez Ahmad (13+2min)</p> <p>Clinical pearls in Respiratory medicine. Richa Gupta (13+2min)</p>
13:00 – 14:00 (60 min)	<p style="text-align: center;">Practice Changing Research in Asthma - II</p> <p><i>Chairpersons : Vivek Nangia, Vishal Sharma, Anupam Patra, Sonia Dalal</i></p> <p>Cochrane Review(2017) . Anti-IL5 therapies for asthma. P Arjun (8+2 min)</p> <p>The IDEAL study (2017). Biologic treatment eligibility for real-world patients with severe asthma. Ashok K Singh (8+2 min)</p> <p>Cost-Effectiveness of Bronchial Thermoplasty, Omalizumab, and Standard Therapy for Moderate-to-Severe Allergic Asthma. Ashish Tandon (8+2 min)</p> <p>Association between inhaled corticosteroid use and bone fracture in children with asthma. Karn Mehra (8+2 min)</p>
